

UZER cookie policy

To make this site work properly, we sometimes place small data files called cookies on your device to improve your experience. Most websites do so.

What are cookies?

A cookie is a small text file that a website saves on your computer or mobile device when you visit the site. It enables the website to remember your actions and preferences (such as login, language, font size and other display preferences) over a period of time, so you don't have to keep re-entering them whenever you come back to the site or browse from one page to another.

What type of cookies we set

When you log on to our website, we may install cookies on your device allowing us to remember : your user preferences, your viewing parameters and geographic zone of your IP address that will ease navigating through our site for your next visit. The cookies we use expire once they have done their work. Some cookies will expire each time you close your browser (session cookies) or after a certain period of time (persistent cookies).

Third party cookies

In some cases we also use or allow cookies provided by trusted third parties. This site uses Google Analytics which is one of the most widespread and trusted analytics solution on the web for helping us understand how you use the site and ways that we can improve your experience. We'll likely also use other third party cookies that help us improve website usability, newsletter subscription and the ordering process for our device. Social media buttons and/or plugins are also used on this site that allow you to connect with your social network in various ways. For these to work the following social media sites including; LinkedIn, Facebook, Twitter will set cookies through our site hold for various purposes outlined in their respective privacy policies.

How to control cookies

You can control and/or delete cookies as you wish – for details, see aboutcookies.org. You can delete all cookies that are already on your computer and you can set most browsers to prevent them from being placed. If you do this, however, you may have to manually adjust some preferences every time you visit a site and some services and functionalities may not work.
